Course Description

This intense two and a half day Expert Witness Courtroom Testimony Course guides the students through testifying as an Expert Witness in a real arson case. The course requires more than 40 hours of preliminary case work, for which six weeks are given to prepare and submit before date of class. This includes taking and passing the Scientific Method for Fire and Explosion Investigation— Updated 2009 (3 hours) of CFITrainer Net module, updating or writing your CV, preparing an opinion analysis and creating two courtroom exhibits. You will give a deposition and work with an attorney to develop testimony plan. You will be in court a full day; experience cross examination and re-direct with qualified legal attorneys. If you have never been called upon as an Expert Witness, this class will give the opportunity to better understand the task of preparing for court and experience testifying in a real courtroom environment with attorneys.
